Name: _____ Date: _____

"Know What to Do If You Get Lost"

Peter is helping his mom with the shopping. Can you help him get what's on his list? Look at what is on the list and then circle the right amount of each item down below. Then on the line next to each item, write the number that represents how many you are getting.

Shopping list

five bananas = 5

four pineapples = _____

six milk cartons = _____

eight carrots = _____

three apples = _____

two cheese wedges = _____
